

Dear customer,

with this letter we are informing you about the current situation with the Corona virus COVID-19 at CCL Label AG in Lengnau.

Our production and our operations are running on a normal level without any limitations. As of today, we do not have any employees who are directly affected by this virus. Our suppliers are showing us readiness for delivery.

We have taken precautions for us to produce for you on a normal level. Our 2-shift business is organized in a manner that, with a time buffer in between the shifts, the single shifts do not have any personal contact. In our commercial departments some employees are working from home and those who are still on location are working in separated rooms. External and internal meetings are being kept on a minimum.

The hygienic precautions have been upped to a high level. They should help us to keep control over the situation.

The delivery routes are open and shall remain open. Unfortunately, there might be cases, where the delivery traffic is being hindered at the borders and thus there might be some delays. This concerns our deliveries and our supplier deliveries. We have frequent contact to our suppliers and forwarders, and we will keep you posted.

It is not easy for all of us now, but as of today we can produce and deliver as usual. If this will change, we will inform you as soon as possible.

Stay healthy and well.

CCL Label AG

Reto Klauser  
General Manager
